

SenesTech Announces Distribution Agreement with Geotech Supply

FLAGSTAFF, Ariz., Sept. 5, 2018 /PRNewswire/ -- SenesTech, Inc. (NASDAQ: SNES), a developer of proprietary technologies for managing animal pest populations through fertility control, today announced a distribution agreement for ContraPest® with Geotech Supply Co., LLC ("Geotech"), a pest management distributor based in Sacramento, California.

"Geotech is well-positioned in the California market, and services some of the largest pest management accounts in California. Their team believes in delivering proven technology and products to their customers, with excellent service and a solid guarantee to their customers on everything they sell," says Joe Malinowski, V.P. of Sales for SenesTech. "We share that commitment to provide proven solutions for pest management professionals (PMPs), and look forward to working with the Geotech team for continued growth in California, one of the largest markets in the US pest control industry."

Geotech will be a stocking distributor, and has placed their initial stocking order.

About SenesTech

SenesTech is changing the paradigm of pest management by targeting the root cause of the problem: reproduction.

About ContraPest

ContraPest® is an innovative technology that targets the reproductive capabilities of Norway and roof rats. As a highly palatable liquid, the formulation promotes sustained consumption, helping to reduce fertility in both male and female rats, bringing populations down and keeping them down. Our delivery system is designed to minimize handler exposure, and ContraPest is dispensed inside tamper resistant bait stations, minimizing the risks to non-target species.

As a versatile tool, ContraPest can be used within Integrated Pest Management (IPM) programs to help reduce reproduction and magnify the success of IPM protocols or as a standalone, non-lethal solution for customers that are looking to reduce or eliminate the use of lethal methodologies.

ContraPest is a Restricted Use Pesticide, due to applicator expertise. Please read and comply with all label instructions. Target species: Norway and roof rats.

About Geotech Supply

Geotech Supply is a growing California based company with a mission. If you're in the pest management business, if your tasked with safety compliance, or if your construction job requires top-notch tools, you can depend on Geotech for the equipment and supplies you'll need. We also guarantee everything we sell, and our no-nonsense, no-hassle shipping will ensure that you get what you need with a quick turnaround - and no unpleasant surprises.

When you do business with Geotech Supply, you can rest in the assurance that you're buying equipment, products and supplies that have been specially selected by us, because they have been validated by real-world experience. We know our stuff works, and we stand behind it.

Safe Harbor Statement
