We are "The Pest Control Difference" for the 21st century. We are rodent fertility control specialists fueled by our passion to create a healthy environment by virtually eliminating rodent pest populations. We keep an inescapable truth in mind. Two rats can be responsible for the birth of up to 15,000 pups a year. We invented ContraPest®, the world's first and only U.S. EPA registered rodent contraceptive. ContraPest® fits seamlessly into all integrated pest management programs, greatly improving the overall goal of effective rodent management. We strive for clean cities, efficient businesses and happy households—all through non-lethal, proactive pest control. At SenesTech, we don't just eliminate rats. We make a better world.
